How To Register as a Player

1. Check your email inbox and look for an email from the MWSL/Stack Sports. Click on link that says *"Click here to accept or decline your invitation to TEAM NAME."*
 - If you do not get an email, check with your team rep.
2. You will be brought to the MWSL home page. Click *"Accept invitation and proceed with registration."*
3. If you do not have a Stack Sports account, you will need to create one.
 - To create an account, click on *"New here? Create an account."*
4. Follow the prompts.
5. If you are unable to complete the registration or get logged out, return to <http://mwsll.org/home.php>, click *"member login"* in the upper right hand corner to complete.

****IMPORTANT****

Do not make another account if you are looking to play on multiple teams. Our system only allows for one registration or you will be asked to pay the player registration fee again and creating another account will cause confusion and make administrative tasks difficult. **If you are looking to play on multiple teams, register first with your primary team and then other teams should add you as a guest player to their roster.**
